★ MISSED LESSONS

Because specific times are assigned to each class, rescheduling for an individual student cannot be done. I may sometimes have to reschedule lesson days as a whole due to holiday or emergency.

We are closed between Christmas and New Years!

★ CELL PHONE POLICY

Students can have cell phones but can use them for communication with parents or recording of dance routines. No cell phones can be used on a water break for checking social media etc. I will have a basket for phones on my desk. I want to make the most of our lessons!

★ WATER

Please bring water! We do not promote food at the studio in order to keep the building neat. I will have water available for purchase - \$1 per bottle on the honor system. Please feel free to donate a case of water during the year to help us out! We have access to a full sized refrigerator to keep the water in! Thank you in advance!
